ORAN PARK ANGLICAN COLLEGE

A school within The Anglican Schools Corporation

Established 2012

A WORLD OF OPPORTUNITY

Room to learn.....room to grow

Oran Park Anglican College is strategically located on Peter Brock Drive and Central Avenue. The College offers an innovative, academic curriculum for students currently from Preparatory (pre kinder) to Year 11 2018 with our first Year 12 students graduating at the end of 2019. It is rapidly growing towards a Preparatory - Year 12 learning community with around 1200 students.

We provide a positive, safe and engaging learning community in a beautiful environment utilising the latest technology in modern facilities.

We are Christian and the message of Christ is central to all our programs. A team approach is adopted and parents are welcome partners in College life.

Oran Park Anglican College seeks to develop the gifts and talents of our young people and to encourage them to achieve beyond expectations.

We aim for all students to achieve their best academic results, their best performance on stage, on the field, or in the pool, and the experience of being part of a winning team.

We focus on nurturing positive behaviour, relationships and attitudes and build leadership opportunities within our programs.

Oran Park Anglican College was established by The Anglican Schools Corporation and opened in 2012. It provides quality, affordable Christian education to the local community.

OUR VISION

To be a vibrant learning community where every member is valued, high standards of character, behaviour and relationships are set and Christ is honoured

Our ethos is both Christian and Anglican and our mission is to grow and nurture excellence, wisdom and service.

The College is pleased to be part of the new Oran Park Town and our master plan has a vision for engaging with the community. Learning occurs in modern, air-conditioned buildings and the College has a range of specialist facilities and resources.

Our College is committed to the achievement of quality learning outcomes. Our expert, dedicated teachers make all the difference as they strive to understand the needs of every student and ignite a love of learning. Our teachers have a passion for their subject areas and transfer this enthusiasm to our students. As well as an ability to academically inspire, our teachers are also known for their genuine empathy and care for each individual student.

Our motto is 'of greater worth than gold' signifying the value we place on faith in the Lord Jesus, on our students as they grow and on our learning in every program.

STARTING WELL

Confidence in learning is the key for young children.

At Oran Park Anglican College our students are known and cared for. Parents are welcome and we encourage regular communication with our teachers.

In the junior years the College establishes learning foundations in a nurturing and caring environment which includes beautiful classrooms and active play areas. We aim to provide a stimulating educational program in Prep leading into Kindergarten.

Our programs are targeted specifically to support all levels of attainment to achieve a child's full potential. The junior years provide a variety of experiences to develop individual strengths academically, on the sporting field and through co-curricular activities. The junior years program introduces an early integration into College life through active program participation and continuity of the curriculum and values from Prep all the way through to the Senior School. We encourage children to form friendships that have the potential to be sustained throughout the entire College journey.

Every child's success is celebrated and their individual talents are guided towards future learning experiences. Our College provides leadership opportunities and we encourage students to think beyond their world.

CONTINUING STRONG

*Preparing students to make
a difference in the world*

*At Oran Park Anglican College our students
learn in an academically challenging
and pastorally strong environment.*

We value academic rigor, strong pastoral care, service learning opportunities, thriving sporting programs and excellence in the creative and performing arts. In doing so, we inherently value every member of our community. Our students will naturally find a place in one or more of these domains and giving students the opportunity to not only get involved but to flourish and aspire to excellence in these areas, is a growing hallmark of our College community.

We are continuing to shape our teaching and learning model to ensure that students are prepared for the 21st Century. We are actively engaging with the future rather than waiting for it to happen. Our teachers are working collaboratively to enhance the opportunities provided to all children and to ensure that our students develop the skills, knowledge and attitudes necessary to be lifelong learners.

At the heart of the culture of the College are our core values of courage, curiosity, craftsmanship, collaboration and compassion. These values reflect our Christian beliefs and commitment to providing meaningful and personal learning experiences for every student. We demonstrate and model these values and seek to see them displayed in our students.

WELL ROUNDED

***Fostering the unique
qualities of each child.***

*Oran Park Anglican College is bursting with
co-curricular programs and we encourage
all students to actively participate.*

We believe co-curricular opportunities enrich the overall learning process, support the development of the whole child, build relationships across the College, and also allow those children with gifts and talents to excel.

Our co-curricular activities include sport, music, drama, dance, debating, outdoor education, science and technology clubs, community service and overseas trips.

Our outdoor education camps are carefully designed to allow children to experience appropriate physical, social and emotional challenges within a safe and caring environment. From Year 9 students can participate in the Duke of Edinburgh International Award a global youth development program.

We also encourage participation in sport because we know that it contributes to physical, mental and social health and wellbeing. The College has a structured and balanced program of sporting activities that offer students a positive experience whilst developing their skills. Students can represent at the following college, zone and state levels in individual and team sports:

- Independent Primary Schools Sports Organisation (IPSSO)
- Macarthur Independent Schools Association (MISA)
- Christian Schools Sports Association (CSSA)
- NSW Combined Independent Schools Sports Council (CIS)

WHO WILL THEY BE?

Your child has a unique opportunity to achieve their personal best.

Our hope, like yours, is that they will be individuals who:

- Are able to optimise their potential and have been recognised, accepted and valued.
- Have received a high quality, well rounded education and have experienced success in learning.
- Have acquired an understanding of the Christian faith and its implications for daily living.
- Are skilled and desire to be lifelong learners.
- Are motivated to make positive life choices and set goals.
- Are equipped to make a significant and positive contribution to society looking to the future with hope and optimism.

MAKE ORAN PARK ANGLICAN COLLEGE THE CHOICE FOR YOUR FAMILY.

*We welcome your interest in the College and invite you
to talk with us about the future of your children
and to arrange a College tour.*
