

## Minimum Requirements

Screen size	12 inches with 1024 x 768 resolution or higher
Memory	8GB RAM or higher
Storage	256GB or more is recommended
Processor/CPU	Intel Core i5 or AMD equivalent / Apple M1 (or higher)
Connectivity	Wifi: 802.11 N or AC.  HDMI, USB-C and USB-A. Otherwise a USB-C to USB-A adaptor or USB-C to HDMI adapter is also required.  It is highly recommended to have USB-C charging to utilise the College charger packs if needed.
Audio/Video	Headphone and microphone capabilities as well as an inbuilt camera
Mobile Data Connectivity	Not allowed – SIM card must be removed at OPAC
Keyboard	QWERTY Keyboard suitable for touch-typing
Battery life	Sufficient battery life to last for the duration of a school day
Operating System	Microsoft: Windows Home or Pro (latest version) Apple: macOS (latest version)
Bag / Case	An appropriate and robust carry case to suit the shape/size of the device.

### Examples of devices that **ARE** suitable

- Windows laptop running a currently supported version of Windows (i.e HP, Acer, Asus, Dell, Lenovo etc)
- Apple Macbook / Air / Pro laptop with a currently supported version of macOS
- If students already have a device that meets the minimum specifications, then there is no need to purchase another device.

### Examples of devices that are **NOT** suitable:

- Chromebooks
- Windows ARM-based PCs (Snapdragon)
- Device running a limited version of Windows (eg. Windows RT or S)
- Smartphone of any kind
- Older Windows laptop running non-supported version of Windows
- Android tablet, or Apple iPad
- Any older device that doesn't meet the minimum requirements
- Device with less than 7 hours battery life

**of greater worth than gold.**
